1. The amounts appropriated by the General Assembly, as indicated in the table above, were apportioned among Member States in accordance with the provisions laid out in section I.B below and shown in sections III.A to H.

B. Apportionment of the costs of peacekeeping operations

2. The General Assembly, by its resolution 55/235, decided that the "assessment rates for the financing of peacekeeping operations should be based on the scale of assessments for the regular budget of the United Nations, with an appropriate and transparent system of adjustments based on levels of Member States". Under this system, Member States were assigned to one of 10 "levels" to facilitate automatic, predictable movement between categories on the basis of the per capita gross national product (GNP) of Member States. Discount rates were applied to eight of the different levels based on the parameters set forth in the resolution. Countries in level B are assessed at the same rate as for the regular budget. Member States other than those assigned to levels A, C and J were assigned to levels based on their per capita GNP, subject to transition periods and unless they indicated a decision to move to a higher level. Member States and their assignment of contribution levels are set out in resolutions 55/235 and 55/236 of 23 December 2000.

3. The five permanent members of the Security Council form a separate level (level A) and all discounts resulting from adjustment to the regular budget assessment rates of Member States in levels C through J are borne on a pro rata basis by the Member States in level A, which are assessed at a higher rate than for the regular budget. Member States designated as least developed countries are assigned to level J and receive the highest discount percentage, i.e. 90 per cent. They therefore pay 10 per cent of their assessment rates established for the regular budget. Countries in level C are specified in resolution 55/235.

4. By its resolution 58/1 B of 23 December 2003, the General Assembly adopted the scale of assessments for the period 2004 to 2006. The composition of levels of contribution for peacekeeping operations was also changed for the period 2004 to 2006, as set out in the addendum to the report of the Secretary-General,[1] and adopted by the General Assembly in its resolution 58/256 of 23 December 2003. The percentage shares shown in sections III.A to C and G below demonstrate the results of the application of these resolutions.

5. By its resolution 61/237 of 22 December 2006, the General Assembly adopted the scale of assessments for the period 2007 to 2009. The composition of levels of contribution for peacekeeping operations was also changed for the period 2007 to 2009, as set out in the addendum to the report of the Secretary-General,[2] and adopted by resolution 61/243 of 22 December 2006. The percentage shares shown in sections III.D to F and H below demonstrate the results of the application of the latest resolutions.
